April 19, 2022

Secretary Pete Buttigieg
US Department of Transportation
1200 New Jersey Avenue SE
Washington DC 20590

Dear Secretary Buttigieg,

I write to request full consideration of UC San Diego’s (UCSD) submission to the U.S. Department of Transportation’s Rebuilding American Infrastructure with Sustainability and Equity (RAISE) program. UCSD plans to use these funds for the Voigt Electric Mobility Hub.

The goals of this project directly support those of the RAISE grant to fight climate change and boost economic development via transportation infrastructure. The Voigt Electric Mobility Hub would sit on the UCSD Blue Line Trolley light rail extension and extend its impact, reducing carbon emissions from private vehicles and connecting citizens with well-paying jobs, health care facilities, and higher educational opportunities.

I appreciate your full and fair consideration of this submission and look forward to the positive impacts of this program on our community. Please contact me or my staff if you have further questions.

Sincerely,

[Signature]

MIKE LEVIN
Member of Congress
